Memorandum for the Director's Log

Submitted: 4 February 1952

- - - - -

A three man sub-committee of the Senate Armed Services Committee has been set up to look into the workings of the National Security Resources Board and the National Security Council. The main purpose of the committee is to ascertain whether these Agencies are operating in accordance with their statutes or whether the statutes or their functions should be amended. Particular attention will be directed at whether the Chairman of NSRB should continue as a member of NSC. Senator Cain (R., Washington) is primarily interested in the investigation, but there is no great pressure on it at present. Mr. Lay of the NSC has asked Mr. Pforzheimer to keep track of this matter for NSC.
